EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Victor (Reg No 39867) on 6/13/07.

The application has been amended as follows:

6. (Currently Amended) The method of claim 1, wherein using the load balancing technique to select at least one determined user based on the determined number of work items assigned to the determined users further comprises:

for each work item assigned to the user, determining a priority related to the work item;

for each user calculating an index based at least on each priority related to each work item assigned to the user; and

using the index to select one user to assign the new work item.

15. (Currently Amended) The system of claim 15, wherein the means for using the load balancing technique to select at least one determined user based on the determined number of work items assigned to the determined users further performs:

for each work item assigned to the user, determining a priority related to the work item;

for each user calculating an index based at least on each priority related to each work item assigned to the user; and

using the index to select one user to assign the new work item.

Claim 29: please add "implemented on a computer readable medium" after "including code" at line 1;

34. (Currently Amended) The article of manufacture of claim 29, wherein the means for using the load balancing technique to select at least one determined user based on the determined number of work items assigned to the determined users further comprises:

for each work item assigned to the user, determining a priority related to the work item;

for each user calculating an index based at least on each priority related to each work item assigned to the user; and

using the index to select one user to assign the new work item.

Reasons for Allowance

Claims 1-42 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art taken singly or in combination do not teach determining a number of work items other than the current work item assigned to the user in the current workflow and in a workflow other than the current workflow. This limitation taken in context of the entire independent claims is distinguished and not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Asad M. Nawaz whose telephone number is (571) 272-3988. The examiner can normally be reached on M-F 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Saleh Najjar can be reached on (571) 272-4006. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
